**The FairWays Foundation Concludes 2024 Grant Cycle, Aquatrols' Total Donations Reach \$1.12 Million**

*Aquatrols' commitment to environmental stewardship continues, bringing total donations to over \$1.12 million, funding 59 projects globally*

The FairWays Foundation, established by Aquatrols in 2019, has successfully completed its 2024 grant cycle, distributing \$119,040 to 11 environmental projects around the globe. With Aquatrols' ongoing support, the foundation has now donated a remarkable \$1,122,819 in total, empowering 59 conservation initiatives across the USA, Canada, UK, Europe, and Africa since inception.

As a stand-alone 501(c)(3) nonprofit organization, The FairWays Foundation is dedicated to advancing conservation and environmental stewardship. By providing grants to both small and large-scale projects, the foundation addresses critical environmental challenges and supports educational initiatives worldwide.

The 2024 grant cycle included a diverse range of projects, from the *GreenerGolf Network* conference to the *AquaArborAware* project, which focuses on river and forest conservation education in the Anumle community. Other notable projects included eco-pond restoration, heathland regeneration, and various on-course ecology and sustainability initiatives. You can view a list of all this year's successful projects [here >](#)

"The FairWays Foundation is extremely proud of this year's grant recipients. They represent three continents with an increased focus on public outreach and education. Our total give is now over \$800,000 since 2019. We can't wait to see the finished projects and observe the positive impacts they are having within their communities." – Greg Lovell, President of The FairWays Foundation and Central East Territory Manager for The Aquatrols Company.

**Looking Ahead to 2025**

The FairWays Foundation is excited to continue its mission of environmental stewardship with the launch of the 2025 grant cycle, opening in February. The foundation is actively seeking ambassadors to connect with individuals and organizations passionate about conservation but lacking the resources to bring their ideas to life. Those interested in [applying for funding](#) or [becoming an ambassador](#) can learn more on the foundation's website.

**About The FairWays Foundation**

The FairWays Foundation is a stand-alone 501c3 not-for-profit organization dedicated to safeguarding our environment, supporting conservation-based projects; big and small, as well as educational events for professionals, newcomers to the field and for future minds. Environmental stewardship is not an initiative. It is a long-term investment into our future and the future of our industry. The FairWays Foundation directly funds local and global projects

that advance the conservation of our natural resources. These projects will help to preserve the environment we live and work in whilst encouraging education and stewardship not only within our own industry but also within wider communities.
